

1. Tap the diner whose order you want to take. The meal grid appears for the meal period (Breakfast, Lunch, Dinner) depending on the time of day.
2. Tap a menu category to display its available items.

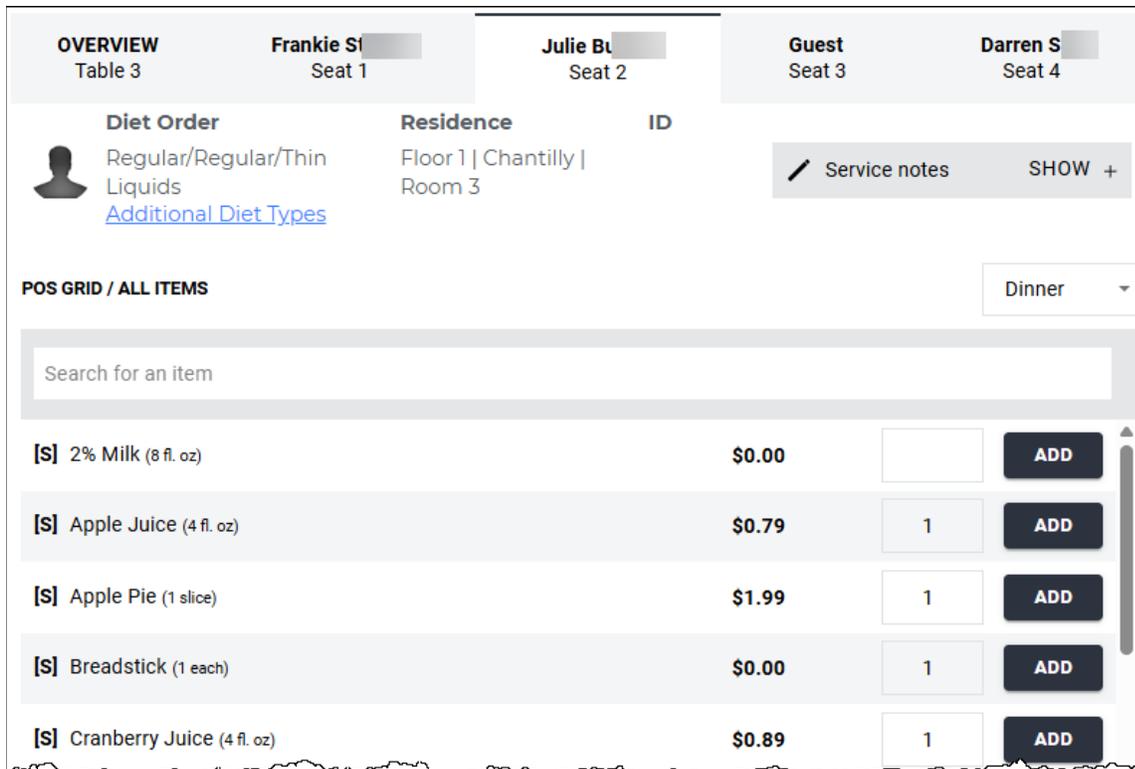

3. For an item you want to add, tap its **Add** button. Added items are displayed on the right.

4. To return to the meal grid, tap the **Back to Grid** button at the bottom left of the screen.

5. To view a list of all items rather than working in the meal grid, tap the **View All Items** button at the bottom of screen.

The screenshot shows the 'OVERVIEW' section with customer details for Table 3, including names and seats. Below this is the 'POS GRID / ALL ITEMS' section with a search bar and a list of items with their prices and 'ADD' buttons.
